Dear, Friends & Neighbors

January 2009

I am so moved every year by the support FACT (Fighting AIDS Continuously Together) Bucks County receives from the community. Whether you have participated in our Walk, attended one of our themed events, come to bingo, or made a contribution you have helped FACT continue its mission of serving those affected and effected by HIV and AIDS.

As I am sure you realize, the AIDS epidemic is still touching those living in our communities – Bucks, Hunterdon, and Mercer Counties. As a community we must come together to help those who are being affected by this disease. FACT is working to be there for the women, men and youth who have nowhere else to turn, but we need your support to continue to be there for everyone who needs our help. ***That is why I am asking you to please consider making a membership donation of \$25, \$50, \$100, \$150 or greater.***

With your generous donation we will be able to assist those who are not only dealing with this disease but are struggling to afford basic expenses that many of us take for granted. FACT's Emergency Funding Program is the last resort for people who have exhausted all other resources. These much needed funds help with such things as medication, electric and heating bills, counseling, special equipment, transportation, rent, and other personal needs. Your membership will not only help us continue to provide emergency funds for those who need our support the greatest, but allows us to also make grants to organizations that are working to provide HIV and AIDS services in our community.

Our ability to act as an effective lifeline of support for those affected by HIV and AIDS depends on the support we receive from community members who recognize the impact this disease has on Bucks, Hunterdon and Mercer Counties. I hope you will join us in the fight against HIV and AIDS locally and become a member of FACT today.

Sincerely,

Morrie Breyer
FACT Bucks County, President
